Kiosk printer 80 mm Custom TG2480HIII

80 mm thermal receipt and ticket printer for kiosks
Metal chassis, cutter rated for 1 million cuts, USB and RS232

KEY FEATURES

- Designed for the terminals
- Complete sensors
- Impressions

Description

The Custom TG2480HIII is an 80 mm thermal receipt and ticket printer widely used in kiosks and vending machines. Rugged and fast (over 150 mm/s), it ensures reliable self-service operation.

Designed for the terminals

The zinc-aluminum alloy metal chassis, the more than one million cuts capacity and the filling and ticket retraction sensors ensure unattended operation.

Complete sensors

Head temperature, presence of paper, anti-jamming, removal of the ticket, end of paper and paper almost finished.

Impressions

Resolution 203 dpi, 1D barcodes and QR codes, fonts for all languages.

Typical applications

- Payment, order and registration forms
- Ticket and parking vending machines
- Lottery and gaming machines
- Lockers and vending machines
