# Sefram 7208 compact digital multimeter

Compact TRMS multimeter 6000 points
Contactless voltage detection, CAT III 600 V

**KEY FEATURES**

- TRMS measurement
- Safety and comfort
- Light and simple

## Description

The Sefram 7208 is a compact and intuitive digital multimeter, ideal for first steps in electrical measurement and for routine maintenance. It fits in a pocket and covers the essentials: voltage, resistance, diode and continuity.

### TRMS measurement

The true effective value measurement (TRMS) provides accurate results in alternating voltage, even on distorted signals, up to 600 V.

### Safety and comfort

Non-contact voltage detection (NCV) indicates the presence of voltage before any intervention. The backlit display and integrated light make working in dark cabinets easier.

### Light and simple

With 200 g and two AAA batteries, it accompanies the technician everywhere, in the CAT III 600 V safety category.

## Typical applications

- Electrical training
- Troubleshooting and routine maintenance
- Electricians and service technicians
- Quick checks in the cabinet

## Technical specifications

| | |
|---|---|
| Display | Backlit LCD, 6000 points |
| DC Tension | 200 mV to 600 V, ±(0.8% + 5 digits) |
| AC TRMS voltage | 2 to 600 V, ±(1.2% + 5 digits), 40 Hz to 1 kHz |
| Resistance | 200 Ω to 20 MΩ |
| Diodes and continuity | Yes, bip below 35 Ω |
| Contactless detection | NCV |
| Security | CAT III 600 V |
| Nutrition | 2 AAA batteries |
| Dimensions | 128 x 61 x 25 mm |
| Weight | 200 g |

Non-contractual document. Specifications subject to technical changes. Edition 11/2026.

## Technical advice and quote

DYNATIME SA distributes this product in Switzerland from Marin (NE). Our team helps you choose the right version for your application and sends you a quote quickly.
